# TECHNICAL DATA SHEET

# Aria Spray

Air duster

### **Technical specifications**

**Aria Spray** is specifically designed to quickly remove dust and dirt deposited on hard-to-reach surfaces. The product is ideal for fast daily maintenance of keyboards, printers, internal and external mechanisms, photographic and precision equipment, electronic boards, integrated circuits and transistors.

## Instructions for use

Shake the spray can before use and spray **Aria Spray** in short bursts on the parts to be cleaned.

#### **Application**

Apply Aria Spray as supplied.

#### Consumption

The consumption of Aria Spray varies depending on the method of use and the required application.

#### Warnings

Protect the container from sunlight.

Do not expose to high temperatures or heat sources.

Do not pierce or burn the can.

Use in a well-ventilated area and do not smoke during use.

Use the product following good working practices, avoiding release into the environment.

Wear suitable protective equipment (gloves, safety goggles, etc.).

Store the product indoors in its original, closed packaging, away from weather, frost and heat sources.

Do not disperse into the environment: follow local regulations for disposal.

Always carry out a preliminary test before use.

#### **Packaging**

6-pack boxes 400mL

#### **CHEMICAL AND PHYSICAL PROPERTIES**

| Physical state    | Pressurized liquid |
|-------------------|--------------------|
| Color             | Colorless          |
| Smell             | Characteristic     |
| Flash Point       | <0°C               |
| Density (T=20°C)  | 0,75-0,80Kg/L      |
| Pressure (T=20°C) | 4,0±0,5 Bar        |
| Pressure (T=50°C) | 8,0±0,5 Bar        |
| Packaging format  | 400mL aerosol can  |
