

SGORGO VIA

Drain opener liquid

Technical specifications

SGORGO VIA is a basic liquid drain opener, suitable for slow or clogged domestic drains. The product is designed for frequent use and easily removes deposits of hair, grease, food residues, etc. Moreover, it does not damage drains or pipes, requires no special equipment, and effectively eliminates unpleasant odors.

Instructions for use

Pour 500mL of **SGORGO VIA** and allow it to act for at least 6-8 hours. Repeat if necessary.

For slow drains: pour 400-500mL of **SGORGO VIA**, depending on the drain size. As a preventive measure, pour 250-300mL of **SGORGO VIA**, a quantity used regularly for drain maintenance.

Application

Apply **SGORGO VIA** undiluted.

Consumption

The consumption of **SGORGO VIA** varies depending on the method of use and the required application.

Warnings

Use the product following good working practices, avoiding environmental dispersion.

Wear appropriate protective equipment (gloves, safety goggles, etc.).

Store the product indoors in its original closed packaging, away from weather, frost, and heat sources.

Do not release into the environment: follow local disposal regulations.

Always carry out a preliminary test before use.

Packaging

12-pack boxes 1000mL

CHEMICAL AND PHYSICAL PROPERTIES

Physical state	Liquid
Color	Colorless
Smell	Slightly pungent
Density (T=20°C)	1,28-1,30 Kg/L
pH	14 (sodium hydroxide in 20-30% solution)
Melting point	-20°C
Water solubility	Soluble
Flash Point	Non-flammable
Stability	12 months (in original sealed packaging)
