

OLIO PAGLIERINO

Impregnating oil for the protection of wood, porous floors, and concrete artifacts

Technical specifications

OLIO PAGLIERINO is a straw-colored impregnating oil with protective action for wooden furniture and fixtures, porous floors, and concrete artifacts. It is also suitable for polishing aluminum window frames. **OLIO PAGLIERINO** penetrates deeply while maintaining the natural breathability of the wood.

Instructions for use

OLIO PAGLIERINO should be applied to furniture, floors, or fixtures. Before applying **OLIO PAGLIERINO**, make sure to remove any washing residues and ensure that the surface is perfectly dry and clean. Apply the product using a brush, a sponge, or a soft cloth. Saturate the entire surface and wait a few hours; to speed up drying, remove any excess **OLIO PAGLIERINO** with a cotton cloth. In humid conditions, drying times will increase.

Application

Apply **OLIO PAGLIERINO** as supplied, using a brush or sponge for floors and fixtures, a soft cloth for furniture.

Consumption

The consumption of **OLIO PAGLIERINO** varies depending on the method of use and the required application.

Warnings

Use the product following standard good working practices, avoiding environmental dispersion.

Wear appropriate protective equipment (gloves, protective glasses, etc.).

Store the product indoors in its original sealed containers, away from weather exposure, frost, and heat sources.

Do not disperse into the environment: follow local regulations for disposal.

Always carry out a preliminary test before use.

Packaging

12-pack boxes 0,250L **Barcode: 80-20709-001056**

12-pack boxes 1L **Barcode: 80-20709-001049**

4-pack boxes 5L **Barcode: 80-20709-004125**

CHEMICAL AND PHYSICAL PROPERTIES

Physical state	Liquid
Color	Straw-colored
Smell	Characteristic
Viscosity (T=50°C)	2,5 Engler
Boiling range	325°C-385°C
Flash Point	170°C
Density (T=20°C)	0,898Kg/L
Water solubility	Insoluble
