

CODE	Art. 1110
TRADE NAME	DILUENTE EPOSSIDICO
PRODUCT TYPE	EPOXY DILUENT

Technical characteristics

Optimal formulation for dilution of epoxy primer, gloss or matt epoxy finish and for the cleaning of airless guns, brushes and tools with all the paint residues.

The product, made up of carefully selected raw materials, is characterized by the remarkable properties of the solvents and for a balanced reduction of viscosity which guarantee an extraordinary distension and brilliance of the coating film.

Applications

To dilute:

Dilute the paint until you reach the ideal fluidity for easy relaxation and absolute lucidity.

To clean:

Use the product in its pure state to carry out the cleaning of surfaces, brushes, spray guns and various tools that have traces of paint is not dried.

Important

It is advisable to carry out a preliminary test before each final use of the product, in compliance with the standards and good working practices.

Avoid release into the environment thinner or container.

Safety data

Refer to the Material Safety Data Sheet

Chemical and Physical Property

Physical State	Liquid
Colour	Colourless
Odour	Characteristic
Flash point	< 21°C
Relative density	0,850 ± 0,02 g/cm ³
Boiling range	55°C – 173°C
