|--------------|----------------------|
| CODE | Art 3422 |
| TRADE NAME | STURASVELT |
| PRODUCT TYPE | DRAIN CLEANER LIQUID |

Technical characteristics

STURA SVELT is used in all cases in which it is necessary the use of a product for gushing tubes. Thanks to its acidic matrix is able to disgregate various materials such as paper, hair, fat and anything else that could be the cause of the obstruction, and then prevent the normal flow of water. The product is also recommended as preventive maintenance.

Applications

Pour very slowly the product into the duct after removing stagnant water in the vase. Leave on 5-10 minutes, then flush with copious water.

Important

Protect the chrome or metal parts: the acidic matrix of the product may damage them. The product mixed with water develops intense heat. Dilute the residue with plenty of water. Not introduce water into the bottle. Do not breathe vapors. Carefully open. The product can affect certain types of steel and chrome altered by time. Do not use in combination with other cleaning products or suckers. Always carry out a preliminary test before use. Adopt good working practices avoiding, however, dispose of the product or the packaging in the environment. In case of contact rinse immediately with plenty of water and consult a doctor if necessary.

| Chemical and Physical Property | |
|--------------------------------|------------------|
| Physical state | Liquid |
| Colour | Blue |
| Odour | Weakly pungent |
| Relative density | 1,80 – 1,85 kg/l |
| Ph | < 1 |
| Viscosity | 22,5 mPa.s |
