

CODE	Art. 3666
TRADE NAME	VIA TUTTO
PRODUCT TYPE	DEGREASER

Technical characteristics

VIATUTTO is a neutral product, formulated with a mixture of solvents also chlorinated, dense and thixotropic.

It's a product able to easily degrease any metal and wood surfaces, removes grease, adhesives residues and various types of persistent dirt, for example dirty surface of tar and bitumen.

Applications

Apply VIATUTTO with a brush or a spatula, spreading evenly on the surface to be degreased, leaving a layer of 2-3 mm. Wait a few minutes and remove the grease and dirt residues or adhesives with a spatula. If the wait time increases, improve the performance of the product.

In more obstinate cases, repeat the application.

Important

Do not use the product on surfaces exposed to sunlight or otherwise heated. Open cautiously the container while keeping your face away from the mouth of the container; after use close tightly it carefully and store it in a cool place, away from heat sources.

In the application of the product use the appropriate protective equipment and provide adequate ventilation. Always carry out a preliminary test before use.

Adopt good working practices, avoiding, however, dispose of the product or the packaging in the environment.

Industrial and professional use.

Chemical and Physical Property	
Physical state	Viscous liquid
Colour	Light blue
Odour	Characteristic
Flash point	< 23°C
Boiling range	> 35°C
Relative density	1,08 ± 0,02 g/cm ³
Yield	1 kg 4/5 mq ca.
