

Solvente sgrassaggio

Degreasing Solvent – High Cleaning Power and Fast Evaporation

Technical specifications

Solvente sgrassaggio is a high-performance cleaning blend, denatured with a mixture of alcohols, suitable for treating various surfaces such as unpainted metal, wood, marble, and fabrics. Recommended as a stain remover, it does not damage unpainted metal surfaces and is suitable for all sectors requiring an effective degreasing agent. Made with carefully selected raw materials and featuring rapid evaporation, it offers outstanding cleaning performance, easily removing even the most stubborn stains. Thanks to its special formulation, the product is chemically stable and does not degrade over time.

Instructions for use

Degreasing: use the product cold.

Application

Apply with a brush or by immersion.

Consumption

The actual coverage of **Solvente sgrassaggio** depends on the type of application, the surface being treated, the degree of degreasing required, environmental conditions (temperature, humidity) and application methods (brush, immersion) can affect consumption. Preliminary tests are always recommended.

Warnings

Always carry out a compatibility test before use. Use in accordance with standard workplace safety practices. Wear appropriate personal protective equipment (gloves, goggles, etc.). Store in well-ventilated areas, away from heat sources. Do not release into the environment - follow local disposal regulations. Shelf life: 12 months from production date.

Packaging

Drum	200L
IBC tank	1000L

Chemical-Physical Properties

Physical state	Liquid
Colour	Colourless
Smell	Characteristic
Boiling range	93-100°C
Flash Point	<0°C
Density (T=20°C)	≈0,720Kg/L
Vapour density	>1 (air=1)
Water solubility	Insoluble
