

Benzina Avio

High Degreasing and Stain-Removing Power Blend with Fast Evaporation Rate

Technical specifications

Benzina Avio is a blend with high degreasing and stain-removing power designed for treating various surfaces including metal, wood, marble and fabrics. Formulated with carefully selected raw materials and characterized by a rapid evaporation rate, it has an excellent solvent power that allows easy removal of even the most stubborn stains. Thanks to its specific formulation and the quality of the raw materials used, the blend is stable and does not deteriorate over time.

Instructions for use

Degreasing: use the product cold.

Stain removal: apply the product directly on the surface using a cloth soaked with Benzina Avio and allow it to evaporate.

Application

Apply **Benzina Avio** neat (undiluted), at room temperature, by brush or immersion.

Consumption

The consumption of **Benzina Avio** depends on the type of application, the surface treated and the degree of degreasing required. Actual consumption may vary according to environmental conditions (temperature, humidity) and application methods (brush, immersion). Preliminary testing is always recommended before use.

Warnings

Always carry out a preliminary compatibility test before use. Use the product according to good work practices, avoiding release into the environment. Wear appropriate personal protective equipment (gloves, safety goggles, etc.). Store in well-ventilated areas and away from heat sources. Do not disperse into the environment; follow local regulations for disposal.

Packaging

6-pack boxes 1L **Barcode: 80-20709-005122**
4-pack boxes 5L **Barcode: 80-20709-005207**

Chemical-Physical Properties

Physical state	Clear liquid
Colour	Colourless
Smell	Characteristic
Boiling range	93-100°C
Flash Point	<0°C
Density (T=20°C)	0,720Kg/L
Water solubility	Insoluble

Technical Data Sheet code: 1898-Revision 01 of 01/09/2025
