

CLEANER CAR

Nitro Thinner for Cleaning

Technical specifications

CLEANER CAR is a nitro thinner obtained from a specific blend designed for washing and degreasing mechanical parts, as well as cleaning surfaces, brushes, or spray guns contaminated with uncured paints. **CLEANER CAR** can also be used for thinning nitro paints, primers, and anti-rust coatings. Its special formulation ensures excellent stability and a pleasant odor, without attacking metals or light alloys. The product is particularly suitable for use in car body repair shops.

Instructions for use

For cleaning: use the product undiluted to clean surfaces, brushes, and spray guns soiled with uncured paints. Do not leave dirty tools or utensils immersed in the solvent for several hours.

For thinning: may be used for thinning nitro paints only for immersion, brush, or roller applications.

Application

Apply **CLEANER CAR** undiluted.

Consumption

The consumption of **CLEANER CAR** depends on the type of application, the treated surface, and the required dilution. Actual yield may vary depending on environmental conditions (temperature, humidity) and application methods.

It is always recommended to carry out preliminary tests before use

Warnings

Always perform a preliminary test before use to verify compatibility with the material to be treated.

Use the product according to good working practices, avoiding dispersion into the environment.

Wear suitable protective equipment (gloves, safety goggles, etc.).

Store the product in well-ventilated areas, away from sources of heat.

Do not release into the environment: follow local regulations for disposal.

It is recommended to use the product within 6 months from the production date.

Product compliant with VOC Directive 2004/42/EC.

Body shop product - subcategory: preparation and cleaning.

Packaging

4-pack boxes 5L **Barcode: 80-20709-005955**

Buckets 20L **Barcode: 80-20709-005962**

Buckets 25L **Barcode: 80-20709-005979**

Chemical-Physical Properties

Physical state	Clear liquid
Colour	Colourless
Smell	Characteristic, aromatic
Boiling range	60-170°C
Flash Point	<21°C
Density (T=20°C)	[0,840±0,010]Kg/L
pH	Neutral

Technical Data Sheet code: 1900-Revision 01 of 01/10/2025
