

DILUENTE NITRO SPECIAL CAR

Professional Nitro Thinner for Glossy and Matte Primers and Finishes

Technical specifications

DILUENTE NITRO SPECIAL CAR is a nitro thinner formulated with highly selected pure raw materials, intended for professional use in thinning glossy and matte nitro primers and finishes. The product has a high solvent power, improving wetting properties and contributing to perfect smoothness, gloss, and performance of the applied paint.

DILUENTE NITRO SPECIAL CAR is free from chlorinated solvents.

Instructions for use

For thinning: mix the product with the paint until the desired fluidity is reached. Optimal dilution enhances gloss and smooth flow.

For cleaning: use the product undiluted to clean surfaces, brushes, and spray guns contaminated with paint.

Application

Apply **DILUENTE NITRO SPECIAL CAR** undiluted.

Consumption

The consumption of **DILUENTE NITRO SPECIAL CAR** depends on the type of application, the treated surface, and the required dilution. Actual yield may vary depending on environmental conditions (temperature, humidity) and application methods. It is always recommended to carry out preliminary tests before use

Warnings

Always perform a preliminary test before use to verify compatibility with the material to be treated.

Use the product according to good working practices, avoiding dispersion into the environment.

Wear suitable protective equipment (gloves, safety goggles, etc.).

Store the product in well-ventilated areas, away from sources of heat.

Do not release into the environment: follow local regulations for disposal.

Product compliant with VOC Directive 2004/42/EC.

Body shop product - subcategory: preparation and cleaning.

Packaging

Buckets 25L Barcode: 80-20709-006396

Chemical-Physical Properties

Physical state	Clear liquid
Colour	Colourless
Smell	Characteristic, aromatic
Boiling range	40-180°C
Flash Point	<21°C
Density (T=20°C)	[0,876±0,015]Kg/L
pH	Neutral
