

Rimuovi Etichette

Facilitates the removal of glues, adhesives, and labels from any surface without damaging the underlying material

Technical specifications

Rimuovi Etichette is a product made from highly selected raw materials with a detaching action: it effectively and gently removes glues, adhesives, and labels from any surface without damaging the underlying material. **Rimuovi Etichette** does not affect or dull paint, rubber, or plastic.

Instructions for use

For cleaning: use the product as-is to completely remove glues, adhesives, and paper or plastic labels from any surface such as glass, metal, plastic, furniture, cookware, non-stick pans, painted surfaces, fiberglass, tiles, sanitary ware, etc.

Application

PAPER LABELS: wet the label with a brush or cloth; let it act for a maximum of 10 minutes; remove the label and wipe off any remaining glue with a cloth soaked in the product.

PLASTIC LABELS and PVC ADHESIVE TAPE: lift a corner and use a small brush to dissolve the glue underneath until the label or tape is fully detached; clean the surface with a cloth soaked in the product.

Consumption

The consumption of **Rimuovi Etichette** depends on the type of application and the surface treated. Actual consumption may vary depending on environmental conditions (temperature, humidity) and the method of application (brush, cloth). Preliminary testing is always recommended before use.

Warnings

Always carry out a preliminary compatibility test before use. Use the product according to good work practices, avoiding release into the environment. Wear appropriate personal protective equipment (gloves, safety goggles, etc.). Store in well-ventilated areas and away from heat sources. Do not disperse into the environment; follow local regulations for disposal.

Packaging

6-pack boxes 0,5L **Barcode: 80-20709-009915**

Chemical-Physical Properties

Physical state	Clear liquid
Colour	Colourless
Smell	Characteristic, aromatic
Boiling range	90-120°C
Flash Point	<23°C
Density (T=20°C)	[0,781±0,005]Kg/L
